SPECIAL INSTRUCTIONS OR SUPPLEMENTAL MESSAGE:

Wynette-

I spoke with a Mrs. Brown today, and she requested that you take the correct case/specification to the Certification Division. She asked me to also have you bring a new order letter for the Priority Documents, and a letter stating that the previous Priority Documents were incorrect, due to PTO error in the Image Retrieval Facility (scanned incorrectly). Mrs. Brown said if you need any assistance to please call her at 703-308-9726.

Regards,  
Michele Monello

To Whom It May Concern:

Per my phone conversation today with Mrs. Brown (703-308-9726), she has informed me to write a letter in regards to our U.S. Application No. 09/681,108 filed January 10, 2001. This case has been certified incorrectly three times due to an error made by your Image Retrieval Facility. This case was scanned incorrectly, and had the wrong specification throughout, and the wrong drawings. Now we are on a rush basis to get this case certified, otherwise we will lose our priority rights in Japan. Wynette Staphor has so kindly been assisting me with this problem, and has volunteered to hand deliver this case to the appropriate PTO personnel.

**Please correct this error at no cost to Xerox Corporation.**

If you have any questions, please do not hesitate to contact me.
